## SKIN DISEASE

CURED BY

### Ayer's Sarsaparilla

Mr. Geo. W. Burtner, Keokuk, Iowa, writes, as follows:

"Shortly after leaving college, I was troubled with a skin disease which showed itself, first, at the ankles. Physicians pronounced it eczema, and treated me for that complaint. The eruption crept slowly up my limbs, and on the body, until it enveloped the whole frame. It gave me infinite trouble with constant itching, casting off of dry scales, and a watery liquid which would

exude from under the scales. I treated it for over three years unsuccessfully, and was unable to check it, until I began using Ayer's Sarsaparilla. I used three bottles of this medicine and was completely cured—my skin becoming as smooth and clear as before."

### Ayer's Sarsaparilla

Has Cured Others, Will Cure You

Made by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

Hollister Drug Co., L'd.

What better investment than a light office coat, these sweltering hot days. Cool, comfortable and cheap. McInerney.

Bicyclers are likely to get out, scraped, sprained, bruised, or some way hurt. No matter which, an application of Redding's Russia Salve will take away the smart and pain, and cure the trouble in a hurry. Thousands of wheelmen never go on the road without it. Why should you? 25 cents buys it of any druggist. Handy box for your pocket. Hollister Drug Co., Agts.

## NO NEW CHOLERA CASES.

NO FRESH DEVELOPMENTS SINCE SATURDAY MORNING.

Marsden's Proposition to Fence Nuanu Stream to be Acted on This Afternoon.

Kahananui, a prisoner in the Police Station, who was to be tried this morning on a charge of housebreaking, was taken to the cholera hospital about 8 o'clock as a suspect. He was taken with vomiting and purging during the night and was sent to the hospital as a precautionary measure. He was about well by noon, when he was able to sit on the veranda in front of his room and enjoy a smoke. Kahananui has been in jail eight days and it was hardly possible for him to have contracted cholera. Dr. Emerson says his ailment was simple diarrhoea caused probably by change of food and habits.

At its session this afternoon the Board of Health will probably decide on the merits of the plans advanced for the improvement of Nuanu stream.

Mr. Marsden's proposition for the immediate fencing in of the stream from the sea shore to the end of tide water at Kalawahine, a distance of less than a mile, meets with more and more favor the more it is discussed. The total expense of a suitable fence would be much less than \$3000, and after the walls are completed it can be torn down and utilized for other purposes. The expense is so small that most people think it should not be allowed to cut any figure in the case, especially as it would be the means of employing a large number of native laborers and thus helping to relieve the prevailing distress.

Henry Waterhouse's proposition is to dig a ditch from the end of the lane opposite St. Louis College to a point about 400 feet below the Waikahalulu bridge on School street. This would involve a straight cut of about 300 feet and would entirely do away with a bend in the river about 800 feet in length. In the portion of this bend just above tide-water are the well-known fishing grounds, and at this point the stream at all seasons of the year is alive with young fish and shrimps. Mr. Waterhouse's proposed ditch would shut the water out of this bend entirely and by straightening the course of the stream give a greater fall to the water. The proposed ditch should run entirely through Mr. Waterhouse's property, but as he is willing to give the right of way for the good of the cause there will be no expense except the digging of the ditch, which he proposes shall be done by native labor.

It would seem that both these propositions should be endorsed by the Board and the work ordered commenced at once.

Misses Green and Richards, the well-known vocalists, returned by the Likelike from a concert tour of Maui and Hawaii.

Patrons of the Criterion Saloon are notified that a fresh supply of Wieland's celebrated beer will arrive by the Australia. Also fresh oysters for cocktails.

A large consignment of Enterprise beer and California oysters for cocktails to arrive on the Australia for the Merchants' Exchange saloon.

## IN THE SUPREME COURT.

OPENING OF THE SEPTEMBER TERM THIS MORNING.

Judge Whiting Will Sit in Some Cases Owing to the Disability of Justice Bickerton.

The adjourned September term of the Supreme Court opened at 10 o'clock this morning, with Chief Justice Judd and Justice Frear on the bench.

The attorneys present were Messrs. Thurston, Hartwell; Neumann, Hatch, Robertson, Cecil Brown, Carter, Magdon, Dole, Edings, Stanley, Kane, Kaulukou and others. Judges Whiting and Cooper of the Circuit Court were present as spectators.

At the commencement of the proceedings Chief Justice Judd stated that Justice Bickerton would be unable on account of illness to take part in the business of the term, and suggested that Judge Whiting of the Circuit Court be selected to sit in his place in all cases where he was eligible.

Owing to the absence of attorney Kinney the case of J. I. Dowsett vs. Maukeala and others went over until tomorrow.

The case of A. J. Lopez vs. F. W. McChesney, assignee, went over for the same cause.

In the case of Edma G. Trouseau vs. B. Cartwright et al., ex-exors, an appeal from Judge Cooper, Judge Whiting stated that for various reasons he was disqualified from sitting. On the suggestion of the Chief Justice, the counsel in the case selected L. A. Thurston to sit with the Justices and try the case, but Mr. Thurston begged off on the score of too much business. E. P. Dole was then agreed upon, and took his seat on the bench, and argument in the case was proceeded with. A. S. Hartwell for plaintiff-appellant and F. M. Hatch for defendants.

### Private Duchalsky.

This individual has again brought disgrace on himself and comrades by getting drunk and continuing so while on duty guarding the Oceanic wharf, where he created a disturbance and endeavored to bayonet a native, according to the latter's story. Private Duchalsky is under arrest and will be court-martialed.

The Australia and Miowera are both due today, and so are personal taxes.

The funeral of the late Moss Davis on Saturday afternoon was largely attended.

After many days the morning paper records the arrival of Chief Justice Judd from Koolau.

Saturday's concert at Emma square drew out a large concourse of people. It lasted only 55 minutes.

Finely furnished rooms with bath and other modern improvements for rent at reasonable prices at 29 Beretania street.

Two hundred and two Chinese who arrived by the Rio Janeiro were landed, two lots by the Waialeale at Honokaa, and others by the Kilauea Hou at Hana, Onomea and Paauhau.

Claims for damages from the Queen street extension are expected to be filed at the Interior Office by tomorrow morning. They are likely to be heavy in the aggregate.

## THE BOARD OF HEALTH.

INFECTED TARO PATCHES TO BE DRAINED.

Commissioner Marsden's Fencing Proposition—Nuanu Stream to be Dredged—Committees.

The Board of Health held a session yesterday morning, at which all the members except one were present. President Dole and the Cabinet ministers, with a number of others, were there also.

The meeting was called to take some definite action on the infected districts from which the recent cholera cases developed.

President Smith said that investigation had shown that an area of about sixteen acres above and six below the Asylum road was infected, and suggested that the water be drained from all the taro patches thereon and the taro destroyed.

Dr. Wood thought that the water should be run into a ditch, which should be thoroughly guarded, and thence into the sea. He was in favor of having the entire district dried up.

President Smith said the authorities of the Asylum had adopted every precaution to stop the inmates from drinking contaminated water, and all water connections and taps had been cut off. Paahao, the patient, had been possessed of a mania for eating filth. He had eaten more filth than he could digest. Dr. Herbert saw the man about 2 a. m. September 28th. He had been vomiting, but was better. The doctor did not think it was cholera. Between 8 and 9 a. m. he was called to the Insane Asylum again and found that the man had developed a typical case of cholera. He was removed to the hospital, where the physicians agreed with Dr. Herbert that the case was undoubtedly cholera.

After considerable discussion, in which Dr. Wood, B. F. Dillingham, J. T. Waterhouse, Dr. Emerson and President Dole took part, it was finally decided to divert the water and destroy the taro in the infected districts, and the following committees were appointed to attend to it:

1st—Committee to divert the infected water, to consist of Mr. Kluegel, Dr. Wood and W. E. Rowell. Work must begin immediately.

2d—Committee to estimate value of taro in infected district and destroy same, to consist of Deputy Marshal Hitchcock, Dr. Smith and W. L. Wilcox.

3d—Committee to survey area, to consist of Messrs. Dodge and Kluegel.

On motion of Minister Damon, Kunawai spring was ordered to be fenced in.

Commissioner Marsden then presented his proposition for a ten-foot fence around Nuanu stream as detailed in Saturday's BULLETIN, and also urged immediate dredging operations at its mouth, and the matter was taken under advisement.

President Dole, Mr. Marsden and others expressed the belief that fishing was still going on in the stream in spite of the presence of twelve guards to prevent it.

Marshal Brown said he had ordered the residents of the districts to leave their homes by Monday. Dr. Rodgers and others advocated the use of the military in guarding the stream. T. F. Lansing wanted the buildings in the infected districts removed at once, and the Board adjourned without taking further action.

## DEED IS DECLARED VOID.

TWO IMPORTANT CASES DISCONTINUED FOR GOOD REASONS.

Young Lawyer from Mississippi Admitted—Accounts of Estate Henry N. Castle.

Two important cases have been this day discontinued, viz:

1. F. M. Hatch vs. A. Herbert, which was that defendant executed and deliver to plaintiff a conveyance of the property known as Sans Souci. The deed has been executed and delivered to the plaintiff nominally, although it is understood that the purchaser is plaintiff's mother-in-law, Mrs. A. G. Hawes. It is believed the purchase price for the land is the sum of \$22,500.

2. Trustees estate James G. Hayselden vs. C. T. Gulick, which was for a foreclosure of an \$8,000 mortgage upon the homestead on King street plus the interest due. The same has been paid to the trustees, hence the discontinuance.

Judge Cooper has rendered a decision in the case of Thomas Nott vs. Agatha Nott and David Dayton, guardian of A. A. Doiron, bill to set aside a deed. Mrs. Nott, one of the defendants, testified that she had made a conveyance of property to her father, for the purpose of preventing her creditors from collecting their debts, but no consideration passed and she still continued in possession of the property. The Court finds that the conveyance by Mrs. Nott prior to her marriage to the plaintiff, without his knowledge and without consideration, was a fraud upon the marital rights of the plaintiff, and for that reason void. Robertson for plaintiff; Kinney and Ballou for defendants.

Abram Stephanus Humphreys has been admitted to the Hawaiian bar. He is a native of Columbus, Mississippi, in the 27th year of his age; was educated at the University of Columbus; at the age of 18 was licensed to practise law in all the courts of his State, and on the 3rd day of June, 1889, having come of age was admitted to the bar of the Supreme Court of Mississippi; in 1890 was admitted to the bar of the Circuit Court of the United States, and the same year to the bar of the Territory of Arizona, serving there also as Assistant Attorney General and as special judge in the courts of record. Mr. Humphreys has been for more than a month in the office of J. A. Magoon, who is certifying to his moral character says he desires to have him permanently associated with him.

J. B. Castle, temporary administrator of the estate of the late Henry N. Castle, has rendered his account as such and asked to be released from further responsibility. Expenditures balance receipts at \$10,025. An inventory of the estate shows 90 shares of Hawaiian Gazette Company, 100 shares of Ewa Plantation Company and 50 shares of Kahuku Plantation Company, aggregating at par value \$24,000.

Consult list of non-quarantine goods.

George Barker has a personal notice in this issue.

Arthur McDowell, one of the exiles, is expected home by the Australia.

Complaint is heard of monopolies to ship certain lines of goods to the other islands.

Passengers for Hawaii went into quarantine on board the ship S. P. Hitchcock Saturday afternoon.
